ARPS/Circular/2022-23/007

**Sub: Regarding School Transport**

Dear parents,

With in-person classes resuming after 2 years across the school, there is heightened sense of anticipation and excitement. We hope to have a smooth, hassle free academic year but here are a few practical pointers for your reference.

In the first few days, there are likely to be some delays for pick up and drop off till all our staff and students get used to this commute, as there are new bus routes this year. The monsoons too could have an impact.

We request you to be patient and assure you that all glitches which may happen in the coming days will be completely resolved at the earliest.

In case of any emergency queries, you are requested to contact the Transportation Coordinators Mr.Amal - 8111980530 / Mr. Sijas-97459 62387

Thank you.

Regards,

Ms. Anitha George

Principal
